

Lane Restrictions Scheduled on County Line Road at Butler Pike for Gas Main Installation

King of Prussia – The Pennsylvania Department of Transportation (PennDOT) today announced that lane restrictions are scheduled on County Line Road at Butler Pike in New Britain Township, Bucks County, and Montgomery Township, Montgomery, on Monday through Friday (Jan. 10-14) from 9 a.m. to 3 p.m. for gas main installation.

The work is part of PennDOT's \$13.5 million project to widen County Line Road from two lanes to five lanes between Route 202 (Doylestown Road) and Stump Road in Montgomery Township, Montgomery County and Warrington and New Britain townships, Bucks County.

Under the project, crews are widening 2.1 miles of County Line to include two travel lanes in each direction and a center turn lane and two five foot-shoulders. They also are installing concrete sidewalks; new traffic signals at Route 202 and Summer Ridge/Horizon Drive; and sound walls at the Summer Ridge and Gwynmere housing developments.

In addition, the contractor is building a new intersection to connect County Line Road with the new Route 202 Parkway. The Route 202 Parkway approach to County Line Road will have two travel lanes in each direction; left turn lanes; a southbound right turn lane, and a bicycle lane on the southbound side of the new Parkway. County Line Road will have two travel lanes in each direction; right and left turn lanes; one five-foot shoulder; and one four-foot shoulder on the southbound side that will tie into the Parkway's shared-use path.

Two lanes of through traffic are being maintained on County Line Road during construction.

James D. Morrissey, Inc. of Philadelphia is the general contractor on the \$13,531,423 project which is financed with 100 state funds. Construction is expected to finish in February 2013.

PennDOT reminds motorists they can log on to 511pa.com or call 511 from any phone to check traffic conditions on major highways before heading out.
