Route 202 Parkway Travel Restrictions Next Week in Bucks and Montgomery Counties

King of Prussia – Daytime lane closures are planned next week (May 2-6) on several roads in Bucks and Montgomery counties for widening and utility construction for the Route 202 Parkway, the Pennsylvania Department of Transportation said today.

Drivers in Warrington and New Britain townships may encounter periodic lane closures Monday through Friday (May 2-6) from 9 a.m. to 3 p.m. for road widening on:

- Route 152 (Limekiln Pike) between Stump Road and Route 202 (Butler Avenue); and
- Upper State Road between County Line and Pickertown roads.

Construction on County Line Road in New Britain and Montgomery townships also may require periodic lane restrictions Monday through Friday (May 2-6) from 9 a.m. to 3 p.m. between Route 202 (Butler Avenue) and Woodland Drive for widening. The work is part of the project to widen County Line Road approaching the entrance to the Parkway.

Motorists in Montgomery County also may encounter periodic lane closures Monday through Friday (May 2-6) from 9 a.m. to 3 p.m. for utility relocation construction on Route 202 (DeKalb Pike) and on Route 63 (Welsh Road) at the southern connection to the Parkway in Upper Gwynedd, Lower Gwynedd and Montgomery townships.

Travel restrictions may be in place on Route 202 (DeKalb Pike) between Sumneytown Pike and Route 309 (Bethlehem Pike), and on Route 63 (Welsh Road) between Stump Road and Bell Run Boulevard.

Wells Road in Doylestown Township remains detoured for Parkway construction between Lower State and Turk roads, and Detweiler Road is closed permanently between Stump and Upper State roads in Warrington Township.

In addition, Lower State Road is closed to northbound traffic and detoured between Bristol and Almshouse roads in Doylestown Township for reconstruction of a bridge – unrelated to the Parkway project – over the Neshaminy Creek.

Drivers can expect to face delays at each of the work zones and are advised to add extra time for travel through these areas. All planned activities are contingent on the weather.

PennDOT is investing more than \$200 million in state funds to build the nine-mile long Route 202 Parkway in Bucks and Montgomery counties and to improve roads approaching the Parkway's entrances.
